

Design & Technical

Key to every digital project is the technical skill that goes into making its production a success. Propel London's Design and Technical team appreciates this, and knows exactly where to find the most talented individuals to make it happen. They have helped brands and well-known agencies alike to find talented designers, developers and more besides.

On both a contract and permanent basis, businesses like Burberry, Fortune Cookie, TBG London, Dare, AKQA and many more besides rely on them to track down the very best talent in the digital space.

About Propel

Propel London was founded in 2001 as a specialist recruiter to the digital industry. To this day we remain an independent, highly specialised recruitment company with a total focus on digital disciplines.

Because of our specialist nature we can offer the highest level of service and understanding to both our clients and candidates. Our in-depth knowledge of the digital industry and extensive network of candidates is unparalleled. We've worked with companies of all sizes, building start-ups from scratch, and servicing established e-commerce brands, digital agencies and technology specialists.

Testimonials

"Top calibre candidates are not easy to come by, but Propel London always manage to pull yet more out of the bag. They are without doubt our No.1 choice when it comes to recruiting new team members." - Bio

"It's been a really delightful experience working with Propel. It's certainly been one of the most pain-free recruitment experiences in the last 12yrs and I am really looking forward to both recruits joining the team - I've no doubt they're both going to be real assets to the business." - GCap Media PLC

"Propel is one of the leading digital media recruitment agencies in the Capital. They consistently deliver good quality CVs and more importantly, great quality candidates. For me, their strength is in their understanding of online media; they understand what we do, what qualities we want in a candidate and they deliver just that." Auto Trader Digital
